

Level 1 Floral Design Certification Teacher Review ½ Day Hands-On Workshop and Lecture*

This workshop will give you a fundamental review that you can take back to your classrooms. The review will help you understand what the Texas Master Florist graders are specifically looking for in their grading of your Level 1 Floral Design Students' designs.

The Level 1 Floral Design Certification Teacher Review hands-on workshop and lecture is a detailed, step by step review of the Level 1 Floral Design Certification testing. As a fun bonus, you will learn how to tie a bow.

Participants need to bring floral design tools. Flowers and supplies will be provided.
